A rendition of a YouTube personality. Focuses on line weight and techniques for drawing hair in varying directions.

An animated piece that uses hatching to convey shades. Early experimentation with inked line weight

A realism piece of a YouTube musician. Focuses on smudging experimentation to signify different textures and lighting.

A 3rd person piece using the character of my comic series, Overloaded. Focuses lighting textures and skewed perspective.

A realism piece of my sister. An attempt at mixing smudging and implementing new hair strand techniques

Early character design for a book series. Uses the same stroke to focus on colors.
